

RD Albaladejo presents BFAR's Priority Thrusts for 2018

BUREAU OF FISHERIES AND AQUATIC RESOURCES-CARAGA·THURSDAY, OCTOBER 26, 2017

Local and provincial fisheries stakeholders in the region gathered together as Regional Director Juan Albaladejo of BFAR Caraga fronted a break-out session and presented the Bureau's Priority Thrusts for the year 2018 on the Agricultural Extension Workers Congress in celebration of this year's World Food Day as hosted by the Department of Agriculture, last October 26, 2017 at Dotties Place, Butuan City.

DA-BFAR Caraga's priority programs include; Aquaculture Fisheries Development, Capture Fisheries Development, Post-harvest Fisheries Development, Regulatory and Law Enforcement and Coastal Resource Management. Such programs are anchored towards the Bureau's medium-term goals; to contribute to the national food security, to ensure rational and sustainable development, management and conservation of aquatic resources, to reduce poverty incidence among fisherfolk, and to enhance people empowerment in the fisheries sector.

The said session was attended by the Agricultural Technologists for Fisheries as well as the Municipal Agriculturists of mostly coastal municipalities in the region. Also in attendance were representatives from the Provincial Agriculture Offices, Provincial Fisheries Offices and Provincial Fisheries and Aquatic Resources Offices of the region.
